Cooperation with European organizations

On April, 24 2015 Anastasia Kuznetsova, BEUC coordinator, made a presentation at the annual meeting of the members of the Barents Regional Youth Council. She told about the Centre activity directions, about past and planned events and shared publications. The participants asked questions that were interesting for them and

discussed the possibilities of cooperation between BEUC and BRYC.

The countries in the Barents region have many common challenges when it comes to youth issues and this invites to increased cooperation about these matters. During an international youth seminar in Murmansk October 2003, the participants strongly signalled that young people want to participate more actively in the Barents cooperation. They concluded that the best way to ensure this would be to establish a new youth structure in the Barents cooperation, a council consisting of young people from the whole region. The establishment meeting for BRYC was held in Kirkenes during the festival Barents Spektakel 2004.

The council consists of one youth representative from each county, oblast, republic and okrug in the region and one representative for indigenous youths. The 14 members of the council will work towards a strengthening of the youth cooperation in the Barents

region. BRYCs secretariat is in the hands of the person responsible for the youth program at the Barents secretariat in Kirkenes. The Secretariat invites the members to the meetings, finds suitable meeting dates and arranges travel and accommodation for the

participants. The Barents Youth Cooperation Office (BYCO) in Murmansk has the responsibility to coordinate the participation of the representatives on the Russian side and make plans for travels, arrange visas and spread information BRYCs closest collaborator in the Barents cooperation is the Regional Working group on Youth Issues.
